

Octopus

Welcome to **MINHDANG** Seafood, the 2nd ranked cephalopod manufacturer and exporters in Vietnam (VASEP 2011). You will find us one-stop solution in Vietnam for wide range of seafood product and service needs. Our HACCP manufactory and professional production process secure our products with freshness preservation, superior meat texture, strong nutritional content with strict food safety standards

All products are naturally and sustainably caught, processed and preserved under EU approved (DL449) and HACPP compliant standards.

BABY OCTOPUS

MinhDang baby octopus (*Sepia Pharaonis*) finished products are whole cleaned, flowered, skewer, raw or blanched and exported world-wide. The products are premium class meat texture yielding up to twice usable after cooking than Philippine/Indonesia products whilst preserving superior flavors.
